DESCRIPTION OF WORK TO BE DONE: _____

In accordance with the Ottawa County Commissioners Resolution No. 97-03 dated January 2, 1997, any person desiring to excavate along any County or Township Highway shall be required to obtain a permit from the Ottawa County Engineer for said installation or excavation.

The Engineer must approve all work or said work will be liable for removal at the applicant's expense. Upon completion, the construction site must be returned to its original condition prior to construction.

The applicant shall be responsible for providing for the maintenance and safety of all traffic control flaggers and traffic control devices as necessary. The acceptance of this permit will constitute an agreement between the applicant and Ottawa County, and that Ottawa County and the Township will be held harmless and free from any claims for damages as a result of the work associated with this permit.
